Receive a warm welcome. I hope this finds you well and next to your loved ones.

I want to thank you enormously for the scholarship you have provided me. It has been of great help for my education and for my family. Thank you for the () that you do of by sharing some of your earnings with me.

I want to share with you that this school year has been different because I started High School and I have had to work hard to get good grades since there are some classes in which I've been having difficulty with.

But with a lot of effort on my part and my parents' and teachers' dedication, I have been improving every day. My goal is to keep going forward until I am able to graduate.

I want to share with you that in my free time I play soccer with my younger siblings. I like listening to music as well. I have an elective class which is typing that I really like. I have been learning how to improve my typing and use the computer better.

Thank God we are all healthy this year.

Sending you a big hug. I hope to see you soon.

Hector Antonio
